

Testimonials

We are really proud of the work we do for our clients so when we get feedback from them, we like to show what they have said about us.

"OKC Business Services has been responsible for my business and personal accounts since 1986. I always find them to be efficient and reliable and I greatly value their advice."

Larry Masterson, Emdee Productions

"I have been a client of OKC for many years. They are excellent accountants and have always provided me with great advice and service. I like to know what my tax liabilities are likely to be well in advance, so that I can plan my finances. They always look after this for me, in a prompt and friendly fashion. They are extremely reliable, flexible and service oriented. I highly recommend them."

Mary O'Toole, Barrister

"In the early years we found their assistance invaluable particularly mentoring and helping us get focused so that we knew where we were going and helping the business move forward. So from our point of view it has been great to work with OKC and we certainly hope to continue the relationship and we would have no hesitation in recommending them."

Roger & Susan White, The Health Store

"I have been a client of OKC Business Services for nearly three decades. The service I have received has been second to none. I am delighted to place on record my appreciation for the professional support provided in a practical manner by Josephine and her team over the years."

John Corcoran, ex-Chairman, Paddy Power plc.

The whole team in OKC is professional and pragmatic and provide valued advice in a timely and cost effective manner. When Petrus Consulting was selected to assist the National Asset Management Agency to carry out independent business plan reviews I had no hesitation in engaging OKC to provide financial review services as part of the team."
